**Head of the Department**

# DECLARATION

I hereby declare that the project report **"AUTO TRADER"** is a bonafided work done at Amal Jyothi College of Engineering, towards the partial fulfilment of the requirements for the award of the Degree of Integrated Master of Computer Applications (MCA) from APJ Abdul Kalam Technological University, during the academic year 2021-2022.

**Date:** **ASIF K A**

**KANJIRAPPALLY** **Reg. No: AJC20MCA-2030**

# ACKNOWLEDGEMENT

First and foremost, I thank God almighty for his eternal love and protection throughout the project. I take this opportunity to express my gratitude to all who helped me in completing this project successfully. It has been said that gratitude is the memory of the heart. I wish to express my sincere gratitude to our manager **Rev. Fr. Dr. Mathew Paikatt** and Principal Dr. Lillykutty Jacob for providing good faculty for guidance.

I owe a great depth of gratitude towards our Head of the Department **Rev.Fr.Dr. Rubin Thottupurathu Jose** for helping us. I extend my whole hearted thanks to the project coordinator **Ms**. **Nimmy Francis** for their valuable suggestions and for overwhelming concern and guidance from the beginning to the end of the project. I would also like to express sincere gratitude to my guide**, Ms**. **Meera Rose Mathew** for her inspiration and helping hand.

I thank our beloved teachers for their cooperation and suggestions that helped me throughout the project. I express my thanks to all my friends and classmates for their interest, dedication, and encouragement shown towards the project. I convey my hearty thanks to my family for the moral support, suggestions, and encouragement to make this venture a success.

ASIF K A

# ABSTRACT

The real power of this project is the perfect online marketplace to buy and sell Vehicles locally. No need to visit the flea market to find the best deals on pre-owned items! Here you'll find a wide selection of Pre owned Vehicles. This project is used to sell and buy automobiles online. Vehicles can be 2 Wheeler, 3 wheeler and 4 wheeler. User can sell and buy vehicles online but in the formation of stronger relationships with customers and delivering of a high level of service and support, which in turn improves organization sales and its goodwill. This Project is a software application which avoids more manual hours that need to waste in record keeping and generating reports. This website keeps the data in a centralized way which is available to all the users at the same time. It manage historical data in database.New thing that included in this project is that the customers can view access to the web were he/she can view all the details of their vehicle.
